This one did not come here roan, but she does have some roan hairs in her flanks. Do not let her bay color keep you from taking a close look at her. She is correct and classy in every way! The ½ ranch blood and the ½ running blood makes for an almost perfect barrel horse. Although, she can do anything you ask her to do and she will perform very well on your ranch or in an arena. A full sister to her sire was 2nd in the world running barrels a
